

# Dutch Surge Support Water 2020

Dutch water experts

Expert training

Fast response time

Short term deployment

## What is DSS Water?

The Dutch Surge Support facility (DSS water) supports the operations of humanitarian organizations during and immediately after a disaster by deploying experienced water experts.

The deployment of DSS water experts contributes to saving lives and alleviating suffering of a vulnerable population that is affected by disasters.

This facility is financed by the Ministry of Foreign Affairs/DSH.
